You must read the Software License Agreement before installing the software.

How to install the DVR Viewer2, JPEG2000 and ActiveX Plug-in software

- 1) Download "DVRViewer2\_version.2.1.5.zip" file on your PC.
- 2) Unzip the file then "DVRViewer2\_version.2.1.5.zip" folder will appear.
- 3) Run "setup\_en.msi" in the "DVRViewer2\_version.2.1.5.zip" folder.
- 4) Follow the instructions.

Note:

Zipped files can be decompressed with Winzip or a similar decompression utility.

A free evaluation version of Winzip can be downloaded at [www.winzip.com](http://www.winzip.com).

If the DVR Viewer2 and ActiveX software has already installed, remove it from the computer before installing the latest version.
